

THE

ONTARIO EXPERIMENTAL FARM

HERDS AND FLOCKS.

1884.

CATALOGUE
—OF—
THE ONTARIO EXPERIMENTAL FARM
HERDS AND FLOCKS.

Every animal given has been imported from Great Britain. In 1876 and 1881 the Farm secured several cattle and sheep for Experimental and Educational purposes, but the importation of 1884 exceeds both in variety and value, indeed, when the Dutch or Holstein Cattle and Merino Sheep are obtained, as it is proposed to do in the fall of 1884, there will not be one unrepresented breed of cattle or sheep known as important contributors to the civilized world. The Farm will then be actually in possession of ten breeds of cattle and ten breeds of sheep.

The merit of individuals by pedigree is fully given in this catalogue, but as their value otherwise can only be known by inspection, it may be well to submit some notes on several of the animals.

The Short Horn Bull "Rob Roy" (45484) was obtained from Mr. Duthie under favour to the Experimental Farm. This magnificent animal was refused to a Canadian in 1883 at any price, and in his letter to Mr. Brown, Mr. Duthie says: "I never parted with an animal with so much regret as I do with Rob Roy,—and had it not been for the way in which you behaved, and for the credit of our breed, I would never have put him in price." With reference to this bull the *Live Stock Journal* of England says,—"The bull is Rob Roy (45484), a very large and handsomely formed red, bred by Mr. Jas. Gordon, of Arabella, Ross-shire, out of a cow named Luxury, which Mr. Gordon obtained from the Midland Counties of England, and got by the well-known 400-guinea showyard hero Rosario (35315), whose sire was the celebrated Duke of Aosta. Mr. Gordon purchased Rosario at the Highland Show at Glasgow in 1875—the year in which the Duke of Aosta, and his two beautiful sons (Rosario and Pioneer), swept everything before them at the three national shows. By many good judges Rosario was considered the best bull of that remarkable trio, and Rob Roy is very little inferior to his sire. Larger in size and fully as wealthy in flesh, Rob Roy is perhaps scarcely so gay and so attractive in character as his sire was in his youth, but he has, indeed, very few faults. He is long in the frame, admirably let down behind, broad and level on the back, with great wealth of flesh, excellent quarters, and good head and horn."

The cows Princess Royal 8th and Mademoiselle, from the same herd, are beautiful types of the proper beef and milk combination in a Short Horn; they

are true females of grand quality, and even throughout. "Mademoiselle," says the critic already quoted, "is a long, level, light roan, with the choicest of feminine character, and exceedingly fine quality."

Baroness Wild-Eyes is a neat specimen of the Bates' blood, and secured for educational objects from Mr. Evans, of Uffington, England.

The Hereford Bull, Conqueror (7510), stood very much unknown to either the American or English breeders because of the comparative privacy of Her Majesty's Herds at Windsor and would certainly not have been sold but for reasons similar to those expressed by Mr. Duthie. The same high class Journal of England says: "At the head of the Herefords is the beautiful two-year-old bull Conqueror. In the hind quarters he is not so well filled out as could be desired, but otherwise is admirably formed. His shoulders are well laid in, his ribs wide and well covered, loin strong, cover of flesh very rich, quality excellent, and character faultless, his head and horns being very attractive. As noticed two weeks ago, Conqueror was bred by the late Mr. Carwardine, Stockton Bury, got by the celebrated Lord Wilton (4740), and out of Coral, by Rodney (4907), the sire and dam of Mr. Taylor's second prize two-year-old bull at the Royal Show at York last year."

With the view to experimental work, the very large cow Bloomer,—“wide and deep in the frame, richly fleshed and of good quality,”—and Cronkhill Duchess 2nd,—“handsome and attractive,”—may be taken as specimens of this class.

No better authority on Aberdeen Angus Polls can be had than Mr. McDonald,

McDonald,

editor of the Journal already quoted, and with reference to those at the Ontario Experimental Farm he says: "Of this popular and very valuable breed Professor Brown has taken with him several very good specimens; two of them, in particular, are of very high merit, namely, the two-year-old bull Strathglass (2,357) and the four-year-old cow Kyma (4969), purchased from Mr. Wilken, Waterside of Forbes, Alford. Strathglass was bred by Lord Tweedmouth, Guischan, Inverness-shire, out of the 155-guinea cow Witch of Endor, and got by the Pride bull Heir of Glory, and won the first prize in the yearling class at the Royal Show at York, last year. He was purchased by Mr. Wilken, when a calf, at 103 guineas, and it is worthy of notice that at the Tillyfour dispersion sale, his dam was by many good judges accorded the premier position for symmetry, quality and character; also that the dam of his sire, Pride of Aberdeen 9th, was the highest priced animal at that memorable sale. Large in size, and very well fleshed, Strathglass is specially good over the loins and back ribs, while he is deep in the carcase, of good quality, and excellent masculine character. The cow that accompanies him from the Waterside Herd is a very thick, handsome, and heavily-fleshed four-year-old, of good character and fine quality. Although not more than four years old she has at foot her fourth calf—a very nice bull, got by Paris 4th (2277). Her last year's bull-calf was sent to Canada, to the Hon. J. H. Pope, Minister of Agriculture. She was first at the Aberdeen Show as a heifer with calf at foot, and first at Alford last year in the cow class. Two good cows were secured at Mr. Bennett's dispersion sale at Marypark, Inveraven, and along with these goes

a promising bull-calf from Mr. Grant's herd at Advie." For notes to Sybill's Darling 2nd—an Aberdeen Angus Poll cow of high merit—see pedigree.

The Galloways are not only of the best families, but unusually good specimens of the breed. Stanley 3rd of Drumlanrig, by the famous Black Prince, is a long, level and very promising young bull.

The Devon bull Rose's Duke, is from the Stowey Court herd, still so well known for purity and good size, and the cow Esmeralda (4433), from Windsor, is such an unusually large, well-formed animal, as will probably draw some criticism.

The specimens of Ayrshire cattle are from herds well and favorably known in Scotland. The pedigree notes indicate individuality that has already been sustained since importation.

The Guernseys and Jerseys were obtained direct from these Islands, by the agency of Mr. Fowler, of Bushey, England.

The *Live Stock Journal* says: "All these animals are of the choicest quality and characteristic shapes."

"Very good as is the collection of cattle, that of sheep is equally good,—if not, indeed, even better." This introduction by Mr. McDonald is enough. The pedigrees and notes to each of the classes are sufficient to guide those interested.

TERMS OF SERVICE, 1884-85.

CATTLE.

Short Horn "Rob Roy," Aberdeen Angus Poll "Strathglass," and Hereford "Conqueror," \$10 for each cow or heifer; Short Horn "Sir Leonard," \$5; all other bulls \$1 each. Cash before removal.

No cow will be allowed that has cast her calf. Should any cow or heifer turn within three weeks after being taken home, no charge will be made for one more service. Twenty-five cents will be charged for each day's keep of a cow or heifer. An allowance will be made for a number of cows or heifers.

SHEEP.

All rams will be \$5 per ewe, excepting Lincoln, Highland, Cheviot, and Merino, which are 50c. per ewe. Cash before removal. No ewes taken after 15th November. Allowance will be made for a large number of ewes. No rebate for ewes not in lamb.

For further particulars apply to

WILLIAM BROWN,

Agricultural College

Guelph, Ontario.

NOTES TO MADEMOISELLE.

Mademoiselle won 1st prize at the "Royal Northern" and "The Ythanside" Shows, both as a yearling and two-year-old.

Her sire, Earl of Derby 2nd (81061), in 1874 won 1st prize at "The Formartine," and medal for best bull at "The Highland Society's" and at the "Royal Northern;" 1st prize,—Cup for best Short Horn, and Cup for best animal of any breed. Also, in 1875, at Inverness, he won 1st prize, Lochiel's Cup (£60), as best bull of any breed, and Sir Geo. McPherson Grant's prize for best breeding animal in the show-yard.

Her dam, Missie 47th, won 1st prize and Challenge Cup as best cow of any breed in a large class at "The Ythanside" Show in 1878.

NOTES TO PRINCESS ROYAL 8th.

Princess Royal 8th stood 2nd to Mr. Duthie's 1st prize heifer Countess 6th at "The Formartine," "The Ythanside," and "The Royal Northern" Shows in 1883, at the latter beating "The Highland Society's" 1st prize heifer.

Her Sire, Ventriloquist (44180), is from Mr. Cruickshank's famous Victoria family, and well known in Aberdeenshire as a prize winner and first-class stock getter.

2nd Heir of Englishman is by the celebrated Heir of Englishman.

Grand Prince won 1st prize as a two-year-old at "The Highland Society's" Show.

HEREFORDS.**CONQUEROR (7510).**

Calved 25th April, 1882 ; bred by T. J. Carwardine, Stockton Bury, Eng.

dam Coral	sire Lord Wilton (4740)
2. d. Blossom	by Rodney (4907)
3. d. Fera	by DeCote (3060)

 T. J. Carwardine
 Thos. Edwards, Wintercott
 J. Rea, Monaughty
 Phil. Turner, Pembridge
 John Ashwood, Downton

Price, £500.

NOTES TO CONQUEROR.

Rodney (4907) and Coral are the sire and dam of Mr. Taylor's 2nd prize two-year-old bull at the Royal Show at York, 1883.

Lord Wilton (4740), called the invincible, is acknowledged the greatest Show Bull and sire of the present day. Winner of 1st prize at the Royal Agricultural Show at Taunton, also at the Bath and West of England, held at Croydon and at Hereford in 1875, besides the champion prize in 1880, 1881, and 1882.

He is by Sir Roger (3850), he by Sir Thomas (20), and he by Sir Benjamin (36), bred by Mr. B. Rogers in 1856.

With reference to the Lord Wilton (4740) blood, *The Field* of England, 8th March, 1884, says: "According to general confession there has been only one Hereford known to the present generation of breeders at all comparable to Horace (3877). The Americans are running wild just now after the progeny of both. The sensation created by Horace's stock was equalled at the Royal Show at Derby in 1881, by the extraordinary merit of Lord Wilton's sons and daughters. Mr. Carwardine sold Sir Bartle Frere (6682) for exportation to America for £600. It may fairly be doubted whether there is another animal of any cattle breed at the present day owning such a numerous progeny."

HEREFORDS.**BLOOMER.**

Calved 29th May, 1878; bred by John Hill, Felhampton Court, Church Stretton,
England.

sire Reuben (4923)

dam Bloomer by Lord Lincoln (3220)

E. Bowen, Corfton,
Ludlow.

J. Hewer, Vern House,
Hereford

“ “

J. Ackers, Gloucester
Mr. Howells, Clungun-
ford

Mr. Dawes
Mr. J. Hewer

Price, £105.

NOTES TO BLOOMER.

(Clungunford is the same animal as Sir Richard Dawes grey bull (1954 a.)

Bloomer is descended straight from a cow that was got by Walford s (see notes to Cronkhill Duchess 2nd), sire Clungunford.

She is of the Hewer blood, and connected with Cronkhill Duchess 2nd through the bull Wonder (420), who traces back to Silver (540), the origin of the Hewer strain.

The dam of Wonder (420) was Lofty, who was also the dam of the 1st prize steer at Oakham, in 1837, and the 1st prize in his class at Smithfield, with a medal to the breeder.

HEREFORDS.**SUNFLOWER.**

Calved 3rd December, 1881 ; bred by Her Majesty The Queen.

dam Princess of Wales	sire Prince Waldemar (6122)	BRED BY Her Majesty The Queen
2. d. Princess of Wales,	by Prince Leopold (3351)	Her Majesty The Queen
3. d. Tritnia	by Maximus (650)	L. Turner
4. d. Gwennlian	by Brecon (918)	W. Mayberry, Brecon
5. d. Gwennlian	by Young Demshall (1125)	Viscount Hereford, Fregoyd
6. d. Young Princess	by _____	_____
7. d. Princess	by _____	_____
	by Sovereign (404)	J. Hewer, Vern House, Hereford

Price, £85.

NOTES TO SUNFLOWER.

Her Majesty's Hereford Herd has never been large, but very choice, and noted for uniformity of style and general evenness, of which Sunflower is a good example. The Ontario Experimental Farm secured the Duke of Connaught (4528) in 1876, from the same herd, and his offspring have already made no mean record in the United States and Canada.

HEREFORDS.**CRONKHILL DUCHESS 2nd.**

Calved March 8th, 1882 ; bred by John Hill, Felhampton Court, Church Stretton,
England.

dam Cronkhill Lady	sire Skimblecott (6191)	W. R. Corser, Much Wenlock, Salop.

10. d. Cherry 2nd	by Chancellor (156)	J. Walker, Lulsley
11. d. Cherry, bred by	by Thickset (1769)	T. A. Knight, Downton Castle
	T. A. Knight, Downton Castle	

Price, £67.

NOTES TO CRONKHILL DUCHESS 2nd.

Wonder (420) (see notes to Bloomer).

Walford (871) was got by Clungunford (869a).

He won many R. A. S. E., prizes, including 1st at the Windsor Meeting of the Royal Agricultural Society in 1857, 1st with four of his offspring at the Ludlow Agricultural Society's Show in 1849. At the International at Paris he was awarded 1st prize in his class and the gold medal for the best stock bull of any age or breed; he also won the challenge sweepstakes at Ludlow for the best bull, open to all breeds.

Cherry, the "Foundation Cow," was so called from a spot under the eye; Cronkhill Duchess 2nd has a similar spot!

ABERDEEN-ANGUS POLLS.

STRATHGLASS (2357).

Calved 19th March, 1882; bred by Lord Tweedmouth, Guisachan, Inverness.

| 7. d. Old Maggie (681) | | " " |

Price, £500

NOTES TO STRATHGLASS (2357).

Strathglass was only once exhibited, gaining first prize as a yearling at the Royal Society's Show at York, 1883.

Heir of Glory, his sire, brought 155 guineas, when a yearling, at the Tillyfour Sale in 1880.

Paris (1473), Heir of Glory's Sire, was one of the McCombie winning group at Paris in 1878, and 1st prize bull in his class.

Strathglass' dam, Witch of Endor (3528), was also one of the winning Tillyfour group at the Paris International, 1878, gaining the 1st prizes for best and best beef animals.

Strathglass' portrait fronts the first page of Vol. VIII of "The Polled Herd Book."

ABERDEEN ANGUS POLLS.

MAVIS 3rd OF MARYPARK (5285).

Calved April, 1879; bred by John Mackenzie, Lyne of Carron.

sire Robin (1511)
 dam Mavis 2nd by Forager (2114)
 2. d. Mavis by Black Jock of Mulben (1505)

BRED BY
 John Mackenzie
 Sir G. M. Grant, Ballindalloch
 Alex. Patterson, Mulben

Price, £52 10.

NOTES TO MAVIS 3rd OF MARYPARK (5285).

Mr. Alex. Paterson, of Mulben, near Keith, Scotland, was one of the oldest breeders of Polls, and many of the present generation like to trace back to his beginning of 1839. This pedigree does so, and it is interesting to note at the same time, that Professor Brown bought a bull from Mr. Paterson as far back as 1859.

ABERDEEN ANGUS POLLS.**KYMA (4969).**

4. d. Sybil (974)	by Black Prince of Bogfern (501)	Wm. McCombie, Tillyfour
5. d. Ann of Bogfern (539)	by Banks of Dee (12)	The late Sir Thos. Burnett, Leys
6. d. Young Matilda (177)		

Price, £50.

NOTES TO SYBIL'S DARLING 2nd (4611).

Etonian (see notes to Kyma).

Sybil's Darling 2nd (4611) has never been shown. She is the only one of that family out of Great Britain, and the present owner of the Sybils in Scotland offered the Ontario Experimental Farm a large price to have her returned. An American offered \$2,000 for her in 1882. Her bull calf Marquis of Huntly sold for \$550 at the public sale in 1883.

Sybil's Darling (4050) was first as one year old at Inverurie, second as two year old at Udney, first as cow when three years old, first a cow when four years old, in a class of 19, at Alford in 1882, and third at Royal Northern same year, with third calf at foot.

Calved 1st January, 1882 ; bred by Duke of Buccleuch.

- | | |
|--|--|
| | BRED BY |
| | sire Eskdaill (1559) Duke of Buccleuch |
| dam Lady Stanley of Drumlanrig
(2858) | by Pretender (617) John Underwood, Crofts |
| 2. d. Lady Stanley (1670) | by Hossack (1319) John Wallace, Kirkcudbright. |
| 3. d. Jane of Breconhill (3354) | by Emancipation (1318) John Graham, Lockerbie |
| 4. d. Rosy of Breconhill (3353) | by Black Jock of Geo. Graham, Riggfoot
Pedderhill (1316). |

Price, £100.

NOTES TO STANLEY 3rd OF DRUMLANRIG (1793.)

Eskdaill was 3rd at Castle Douglas as a yearling; his sire, Black Prince of Drumlanrig (546), had a remarkable show-yard career, besides his breeding qualities. He was 1st as a yearling at Castle Douglas and at Highland Society's Show at Kelso, and won the Highland Society's first prize at Stirling when two-year-old, and the three-year-old at Inverness in 1874, their gold medal at Glasgow, 1875 and Aberdeen in 1876, and the last time at the Dumfries Union show in 1876, when he won 1st.

Lady Stanley was 2nd at Lockerbie, 3rd at H. S., Glasgow, 2nd at Carlisle, and 1st at Dalbeattie in 1875; 1st at Lockerbie, H. S. Show, Aberdeen, Carlisle and Dumfries Union in 1876; 3rd at the Royal of Eng., Liverpool; 1st and cup at Carlisle and 1st at Dalbeattie in 1877.

Stanley 3rd was 2nd at the Royal of Eng. at York and 3rd at the Dumfries Union Show in 1883.

CALLOWAYS.**GEM 2nd OF DRUMLANRIG (4236).**

Calved 18th January, 1882; bred by Jos. Neilson, Kirkgunzeon, Dumfries.

BRED BY

sire Speculation (1562) The Duke of Buccleuch

dam Gem of Drumlantig (4235) by Earl 3rd of Drumlantig The Duke of Buccleuch
(1155)

2. d. Miss Tait of Killymingan (2746) by Robin Hood (1120) ———

3. d. bred by James Tait, Lochrutton

Price, £60.

NOTES TO GEM 2nd OF DRUMLANRIG (4236).

Speculation, by Stanley of Drumlanrig (1848), besides winning several other prizes, was 1st at Stirling as aged bull.

Speculation's dam, Countess of Drumlanrig (2621), was by Black Prince and undoubtedly one of the best cows in the herd.

Black Prince of Drumlanrig (546), grandsire of Berta of Drumlanrig (4222) (see next page) gained the 1st prize at Castle Douglas, Kelso Highland Society, and Thornhill in 1872; the 1st at Stirling H. Society and Thornhill in 1873; the first at Inverness Highland Society in 1874; the gold Medal at Glasgow Highland Society in 1875; the gold medal at Aberdeen Highland Society, the 1st Prize at Thornhill, with special prize for best male, and 1st at Dumfries Union in 1876.

CALLOWAYS.**BERTA OF DRUMLANRIG (4222).**

Calved 27th February, 1882 ; bred by the Duke of Buccleuch.

sire Harden 2nd (1458) BRED BY
James Graham, Parcelstown

| 5. d. Maggie 1st of Blaiket (2948) | by Sir William (222) | Samuel Cunningham, Dunrod Mill |
| 6. d. Mary of Blaiket (2945) | by Wellington (22) | Adam Corrie, Cairniehill |

Price, £60.

NOTES TO BERTA OF DRUMLANRIG (4222).

For Black Prince of Drumlanrig (546) see notes to Gem 2nd of Drumlanrig.

Berta of Drumlanrig's sire, Harden 2nd, is full brother to Mr. Cunningham's celebrated bull (1151), illustrated in Vol. IV., and took the 2nd prize at the Royal Show at Carlisle and the H. S. Show at Kelso in 1880, when one year old, also 2d at H. S. Show, Stirling, in 1881, and 2nd to Harden as above at Glasgow in 1882.

Harden 2nd gained 1st prize at Brampton in 1879.

Her dam, Bessie 2nd, was only twice shown, viz. at Carlisle and Kelso, in 1880, being 2nd on both occasions.

Harden (1151) gained 1st prize at Wigton, 2nd at Milnthorpe, and was highly commended at Dumfries H. Society and Carlisle in 1878. 1st at Carlisle, Brampton, Wigton and Lockerbie; 2nd at Perth H. Society and Cocker-mouth, and H. Society's medal as best Galloway at Lockerbie in 1879.

AYRSHIRES.

CAMPBELL OF DRUMLANRIG (462).

Calved April, 1882 ; bred by the Duke of Buccleuch.
sire Keil of Craigman (148)

dam Myres (819)

Price, \$42.

NOTES TO CAMPBELL OF DRUMLANRIG (462).

His dam, Myers (319), was 4th in the Ayr Derby of 1874. 1st as a three-year-old at New Cummock in 1874, and as the same in calf or milk, and 1st as best cow of any age. Also 1st as a three-year-old in milk at Muirkirk in 1874, and 1st as cow of any age and best bred animal. Besides several prizes at Tarbolton in 1872-3-4.

AYRSHIRES.**STATELY 3rd OF DRUMLANRIG (863).**

Calved 22d April, 1879; bred by the Duke of Buccleuch.
 sire Knight of Drumlanrig (35)

dam Stately 2nd of Drumlanrig (383) by Burnhouse of Drumlanrig (7)
 1. Stately of Drumlanrig (382) by Shankston

Price £40.

NOTES TO STATELY 3rd OF DRUMLANRIG (863).

Stately 3rd was only once exhibited, being first in milk when three years old.

Knight of Drumlanrig was never shown, being kept exclusively for breeding purposes. His dam, Rosie of Drumlanrig (371) won, when three years old, 1st in the Derby at Ayr for milk, 1st in the three year old class and gold medal for best female in the Show. She also won in the same year 1st for three-year-old in milk at Glasgow and Sir Michael Stewart's Cup for best female. She won this cup for three successive years, besides winning many prizes at Ayr. Mr. James Cranston, manager for the Duke of Buccleuch, says "this is the only Ayrshire cow that never was beaten in a show-yard."

AYRSHIRES.**SENSATION 2nd OF DRUMLANRIG.**

Calved 14th June, 1881; bred by the Duke of Buccleuch.
sire Barneil of Drumlanrig (121)

Dam Sensation of Drumlanrig (848) by White Prince (63)

Price, £40.

NOTES TO SENSATION 2nd OF DRUMLANRIG

This cow is entered in Vol. VII. of H. B., not yet issued.

Although neither Sensation 2nd, her sire, nor dam were ever shown, there are no Ayrshire animals with more show-yard records than the Barneil stock from which the sire is descended. On the dam's side, having for sire White Prince, a bull which stands first on record as being sire of as many if not more prize milch cows than any other Ayrshire bull.
